

## GORMON ARRESTED THREE SUSPECTS

Trio of Counterfeiters Taken  
To Detroit After Being  
Located by Him.

GOOD CATCH IS MADE.

RICHMOND MAN CREDITED WITH  
RUNNING DOWN BROTHERS  
WHO FLOODED ENTIRE COUN-  
TY WITH SPURIOUS COINS.

Elmer A. Gormon, formerly of this city, United States secret agent returned to Detroit yesterday, after arresting three men charged with being members of a gang of counterfeiters that had flooded the country in the vicinity of St. Ignace, Mich., with spurious coin. The men under arrest are three brothers, Herman, William and August Schimmelpenninck.

Mr. Gormon is the son of Mr. and Mrs. I. A. Gormon, of this city.

To run down and capture the gang of counterfeiters has required a long tedious effort. The men are foreigners and were considered desperate characters. The secret service had been investigating their case for some time and it was only after a clever ruse on the part of Gormon that arrests were made and evidence secured. The trio will be prosecuted in the United States court at Detroit.

## IT'S YOUR KIDNEYS.

Don't Mistake the Cause of Your  
Troubles—A Richmond Citizen  
Shows How to Cure Them.

Many people never suspect their kidneys. If suffering from a lame, weak or aching back they think that it is only a muscular weakness; when urinary trouble sets in they think it will soon correct itself. And so it is with all the other symptoms of kidney disorders. That is just where the danger lies. You must cure these troubles or they may lead to diabetes or Bright's disease. The best remedy to use is Doan's Kidney Pills. It cures all ills which are caused by weak or diseased kidneys. Richmond people testify to permanent cures.

Enoch Cromer, living at 221 North 19th street, Richmond, Ind., says: "Railroading is said to be hard on the kidneys and the continued jar and jolt of riding on trains got me into a bad condition. My kidneys became weak and there was inflammation of the bladder. Many nights there would be three or four passages of the secretions before I could get to sleep and this loss of rest made me weak, depressed and in no condition for work. Frequently I felt faint and dizzy sensations and a general feeling of lassitude and weakness. Mr. Hlatt of the Hlatt Drug Co. advised me to try Doan's Kidney Pills. I did so with good results. The backache was relieved and the kidney action became regular."

Snagging Salmon in Alaska.  
I saw Indians on the Chitina river fishing day and night. The fishermen walked along the bank carrying a pole on the end of which was a barbed steel hook.

Tossing the hook end of the pole into the stream, he turned it so that the elbow rested on the bottom. Then he gently drew the pole back and forth and when he felt a fish strike the shaft he knew that a salmon was probably croaking over the pole, so he gave it a quick jerk, drove the hook into the fish's side and hauled it up on the bank.

This is called snagging salmon—Work and Stream.

Work It Out.  
A man buys a pair of shoes for \$3 and hands the shoemaker a ten dollar bill. The shoemaker goes to a grocery next door to have the bill changed and then gives his customer \$7 change. After the latter has gone the grocery rushes in and declares that the ten dollar bill was a counterfeit. The shoemaker gives him five good one dollar bills, a two dollar bill and \$3 in change for it. How much has the shoemaker lost?

## No Competition.

There's not a manufactured article in existence that is without competition—except one—Easy Task soap. It is white and pure and sweet and makes everything it touches the same. Use it for woodwork, windows, kitchen or laundry and you'll never use any other. Try two five cent cakes; if you're dissatisfied the Hewitt Bros. Soap Co., Dayton, O., will return your money.

## HOBSON REMAINS LOCAL PASTOR

Returned by United Brethren  
Conference Which Ad-  
joined Yesterday.

SEVERAL CHANGES MADE.

REV. DAWSON TRANSFERRED—  
MORE FUNDS RECEIVED TO  
FURTHER CHURCH EXTENSION  
THAN HAD BEEN EXPECTED.

That it will be to the advantage of the church and denomination for the Rev. M. Hobson to remain as pastor of the United Brethren church was the opinion of the White River conference, which concluded its sessions in this city yesterday. It was represented to the conference that the local church has experienced a most successful year and this fact is due primarily to the activity of its pastor. Members have expressed their approval of the decision of the conference.

It is the consensus of opinion among the ministers and delegates in attendance at the conference that it has been one of the most successful and beneficial the denomination has experienced for many years. The attendances at services was large and the interest taken more than customary.

There were several important changes among the district elders and the assignment of a number of ministers was also changed. Rev. Dawson for five years of the Indianapolis district is transferred to the Marion district and Rev. T. J. Roberts newly elected to succeed Presiding Elder James of the Marion district goes to the Indianapolis district.

Rev. S. L. Postlethwaite of Anderson and Rev. C. C. Weimer of Wabash were ordained to the office of elders by Bishop Mathews, assisted by Rev. William Gessett and Rev. D. O. Darling.

Financially the conference received more funds for the furthering of church extension than it had expected, \$300 being taken in from the collections yesterday. The Ladies Aid society of the church which has been serving meals to the visitors expects to clear \$200 above expenses.

The afternoon services yesterday were held at the chautauqua grounds and it is estimated there were 1,000 people present. Rev. J. E. Shannon of Marion conducted the meeting.

The list of appointments as read by Bishop Mathews is as follows:

Indianapolis district, J. T. Roberts, presiding elder. Anderson, S. L. Postlethwaite; Andersonville, John Seelig; Blue River, M. R. Myer; Boylston, J. F. Hargrave; Columbus, R. W. Harlow; Cowan, C. Scarcity of English Humor.

## 1200 MILES—80CENTS

Two Local Boys Made a Cheap Trip on Motor Cycle.

OVER ROADS OF ALL KINDS.

Traveling only in the early morning and evening hours, so as to avoid the heat of midday, Russell Minor and Carl Wright, two local boys, have returned from a 1,200 mile motor cycle trip. The lads relate experiences not encountered very often by youths of their few years. From this city they went to Dayton, August 9, and journeyed on to Springfield, Columbus and Kenton, Ohio, thence to Chicago by way of Ft. Wayne. They returned from Chicago through Muncie. All kinds of roads were traversed by the boys and they were compelled to carry a change of clothing. Before entering a city where they intended to stop, they had to leave their machines and plunge into a stream, then don a different suit so as to appear respectably. The gasoline consumed on the trip cost but 80 cents. Only a few minor repairs had to be made to the machine and the boys attended to these by their own skill.

Tragedy in a Moment's Chat.

"How easy it is to lose your friends in this great New York!" the woman was saying. "Yesterday I stood next to a pretty creature I thought I recognized. She turned around and exclaimed at sight of me—I hadn't seen her for years, both of us right in the city all the time."

"You don't even know what I have been through, do you? I married. Then did you know about my little baby? A girl. Here is her picture." She opened a locket and showed the pictures of her husband and baby. "Isn't she a precious little beauty? She sighed as she shut the locket with a soft click. "She is dead," she told me. "She lived three months." That was all."—New York Press.

The Statue of Liberty.

The Colossus of Rhodes probably never brought any returns in cash to the city, but its tradition will last when everything else Rhodensis is entirely lost from history. So with this Statue of Liberty. It gives a welcome to every stranger who comes to America to seek his fortune in a country which has been the friend of the oppressed for centuries. It is hailed with joy by every American who catches a glimpse of it as he returns from a sojourn in Europe. Its meaning is more apparent after a short absence from America than perhaps it was before such an experience. It is one of the few things which we have which is not commercialized.—Chicago Tribune.

The Wrong Line.

A society which disseminates moral literature once sent a railway manager a large number of free tickets to place in the waiting rooms. One was entitled, "A Route to the New Jerusalem." The letter which the moral literature society received in reply declined the tickets. "We cannot place the tickets," wrote the manager, "as the N. J. is not on our system."

Quite a Variety.

The fashionable girl had accepted him and the young man was wondering how far his \$20 a week would go. "You must remember that life is not all gold and tennis," murmured he. "Why, of course it isn't," she responded brightly. "There's boating and coaching and bridge and ever so many things."—Louisville Courier-Journal.

At the Doctors' Club.

"Carus, was that operation you performed on old Hunk successful?"  
"Successful? Yes; singularly so."  
"Singularly? Then he's recovering, is he?"—Chicago Tribune.

## CRUISER COLORADO IS NOT LEAKING

Vessel Ran Aground at Double Bluff.

Washington, Aug. 17.—The cruiser Colorado, which ran aground at Double Bluff in Puget Sound Saturday, was not seriously damaged, according to a telegram received here today by Rear Admiral Pillsbury, chief of the Bureau of Navigation, from Rear Admiral Seabee, commander of the second division of the Pacific fleet. The Colorado was floated at high tide and repaired to the Bremerton Navy Yard to go in dry dock for examination. The vessel is not leaking, according to Navy Department advices.

OUR BIG COUNTRY.

A Season When the Sun Never Sets on the Stars and Stripes.

There is only one flag that the sun never sets on—the British. But the American flag is a close second, for the sun during half the year never sets on it either. That is to say, these two are the only flags that the sun is continuously shining over, no matter what his position in the heavens—the one all the year round and the other during exactly half the year, from March 22 to Sept. 22.

Of course it is true that on no day at all during the year can the sun be seen from any two points of continental United States at all times during a period of twenty-four hours. But the United States naval observatory has made careful calculations which by including Alaska, Porto Rico and the Philippines show that between the spring and fall equinoxes the sun never ceases to shine in the eyes of the American eagle.

Perhaps nothing could make us realize how great a nation our expanded country is better than this simple astronomical fact. Moreover, within these two dates there are also several other pairs of eastern and western extreme points where the same condition obtains, though for much shorter times.

It is not generally known, but the easternmost point in the United States and its island possessions is in the island of Porto Rico—longitude 65 degrees 12 minutes west, latitude 18 degrees 20 minutes north. The westernmost point is in Balboa Island, in the Philippines—longitude 116 degrees 40 minutes east, latitude 8 degrees 6 minutes north. When the sun is at what the calendar makers call "north declination" of 0 degrees 19 minutes—that is to say, on March 22 and on Sept. 22—the rises in Porto Rico at exactly the same time that it sets in the island of Balboa. Between these two dates during the winter months the sun does set on the United States, and during the remainder of the year, the summer months, it does not.—Scrap Book.
